DCH-Z110

Door & Window Sensor

Be alerted when your door or window is opened with the mydlink™ Home Door & Window Sensor, wherever you are. It's easy to set up and manage with the mydlink Home app[1], and connects to your router via the mydlink Home - Connect Home Hub[2,3]. Whether you are at home or away, push notifications to your smartphone or tablet will alert you. What's more, it works with other mydlink Home smart devices to enable you to create a smart home without complicated set up, installation costs or monthly subscription charges.

Peace of mind

Detect when a door or window is opened or closed. Know when people come and go in your home or monitor off-limit areas like medicine cabinets.

3-in-1 Sensor

Detect when a door or window is opened or closed as well as monitor room temperature and light.

Set up, control, monitor and protect your home

The mydlink Home - Connected Home Hub acts as the link between your existing Wi-Fi network and all mydlink Home devices.

Easy to Setup

App

Download the free mydlink Home app, follow the simple set up instructions

Mount

Use the included adhesive tapes to attach the sensor to the door or window you want to monitor

3-in-1 sensor
Open/close contact sensor, temperature monitor and light sensor.

Battery powered
Up to 2 years battery life.

Do-it-yourself
Easy to set up and manage with the mydlink Home app.

Secure
Tamper-proof and supports AES128 bits encryption.

Push notification
Receive instant alerts on your smartphone and tablet.

Instant audio alarm[4]
Add the mydlink Home Siren for additional security.

Your mydlink Home
mydlink Home allows you to start with a single smart device and add more when you want to. The unique mydlink Home App for iOS and Android smartphone and tablet gives you control of all your other mydlink Home devices. You can even set up automation rules to make your home smarter.
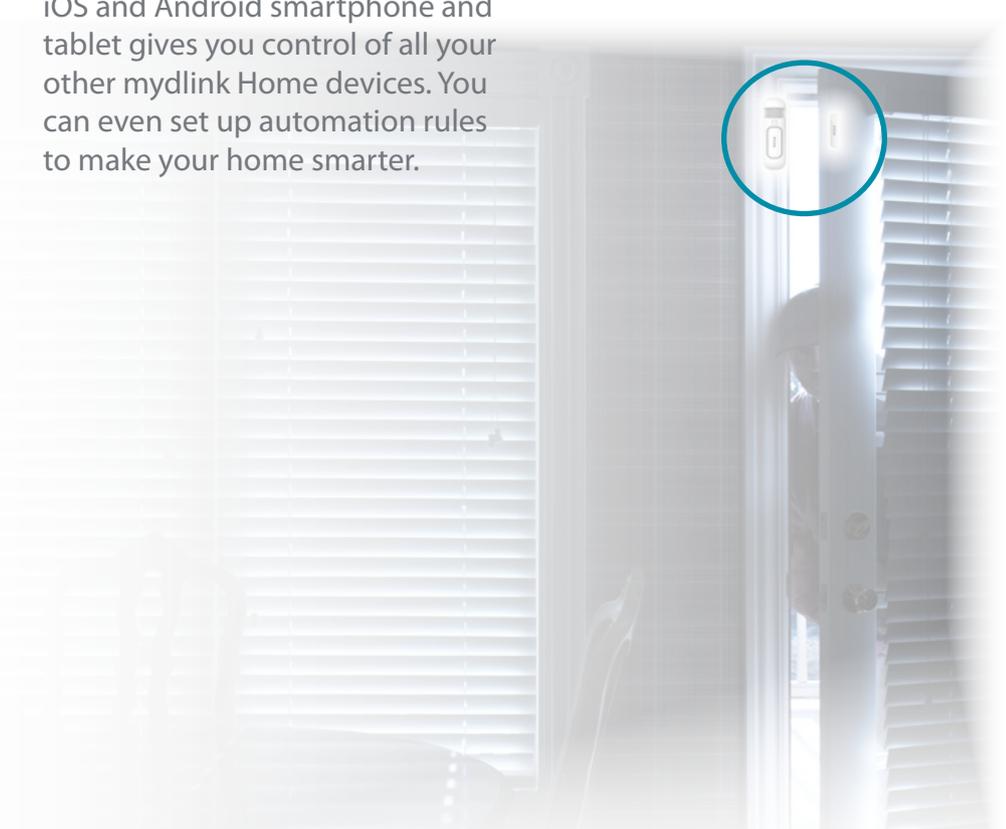

No hidden charges. Seriously.

D.I.Y.
Do-It-Yourself Simple

No Installation Fees

No Monthly Charges

Complete your mydlink™ Home

Why not add a
Siren (DCH-Z510)
to be alerted with a loud intruder alarm when the door is opened
...or add a
Monitor 360 (DCS-5010L)
to immediately see what's happening at home

Front View

- Contact Sensor
- Illumination Sensor
- Temperature Sensor

Back View

- Status LED (Inside)
- Tamper Switch & Pairing / Unpairing Button
